

A Haven for the Families Evacuated from the War Zone in Southern Israel

In these challenging times, as Israel faces war and a relentless wave of attacks aimed at undermining its security and even its existence, Keren Kayemeth LeIsrael – Jewish National Fund (KKL-JNF) has launched an endeavor to host families who have been evacuated from the war zone in the south in hotels in areas not under fire.

These innocent Israeli families have endured unimaginable suffering and loss, they were forced to flee their homes, leaving behind everything they know and love. KKL-JNF has mobilized to distance these families from the war zone and bring them to a peaceful environment.

| Together, we can be the beacon of hope they so desperately need |

We aim to make a difference by hosting and supporting these families with the belief in the power of compassion and solidarity to heal wounds and restore hope.

The families will enjoy a safe and pastoral environment, fun and educational activities, and time and space to collect themselves and contemplate their next moves.

Your generous donations will directly impact the lives of these Israeli families. Every contribution, no matter how small, makes a significant difference.

KKL-JNF invites you to join us in our mission to provide these children and their families with a safe and nurturing environment, where they can rest and look forward to a brighter future.

By coming together as a global community, we can be a lifeline of hope for those who have suffered so much.

Join us in making a lasting impact on the lives of families escaping the war zone in southern Israel. Together, we can rebuild what the terrorist have torn apart.

Project cost: NIS 5,000,000
